Dear Jerold:

I just wanted to take a few minutes to express my sincere appreciation for a job well done. As you know, I purchased a video security system from your company. Not only am I pleased with the equipment, but I was particularly impressed with the level of service from your team.

The entire process from equipment selection to final installation was very smooth. Your team did an amazing job. Jerold, I appreciate your personal attention with this process. It was clear that you had a good understanding of my specific needs. As a new business owner, it was imperative that I purchased a quality system that was affordable. A system that would be reliable, easy to use and would meet my business security needs long term. The system that you recommended was top-of-the-line and was fairly priced.

Jerold, if my experience is in fact how you treat all of your clients, you can be sure that I'll recommend your company to all of my business associates.

Sincerely,
